CLX AUTOMATIC STAINLESS STEEL HAND DRYER

Features & Specifications

Fully Automatic - dryer is activated by an infrared sensor. Maintenance free motor, capacitor initiated for quick starts. Vandal-proof - features include tamper-proof bolts and a side-mounted heating element inaccessible through air outlet.

Satin finish stainless steel. Power cut-off automatically in case of irregular use over 90 seconds. The nozzle revolves 360 degrees, allowing for face and hand drying.

Blowing volume: 270m³/h

Air speed: 30m/s

AIRFORCE GENERATION 3 AUTO CHROME HAND DRYER

Features & Specifications

Airforce™ utilizes an innovative warm air Multi-jet hand drying technology. High speed - from wet to dry in 12 seconds. Automatic infrared activation ensures optimum hygiene levels with low sound level. Airforce™ is the environmentally friendly hand dryer with a low energy consumption at 1100 watts. GreenSpec Listed - considered to be in the top of the class. Drastically reduces the spread of harmful bacteria, mold, and fungi. Sleek design prevents dirt from collecting and is easy to clean.

Blowing volume: 178m³/h

Air speed: 92m/s

SMARTdri AUTOMATIC WHITE HAND DRYER

Features & Specifications

Intelligent on/off heating and 3-speed motor controls optimize energy efficiency and user comfort 10 second drying time, 3X speed of traditional hand dryers uses 40% less energy than competitive high speed hand dryers, and only 12% energy of traditional dryers 2X-3X longer service life than other competitive high-speed dryers. Two Nozzle options: high intensity single-port nozzle; multi-port nozzle for user comfort. The most powerful combination of air velocity and air flow of any high-speed hand dryer durable and vandal resistant; Antimicrobial technology; Automatic operation 10 second dry time

Blowing volume: 153m³/h

Air speed: 114m/s
